Police: 949-824-5223

Irvine Police Department Resources

The Irvine Police Department is divided into three geographic areas. The Portola area is east of Jeffrey Road and north of the I5 Freeway. The Crossroads area is in the general center area of the city. The University area is south of the I405 Freeway and west of the San Joaquin Creek. Each area is lead by an Area Commander supported with a cadre of supervisors, Patrol officers, Traffic officers, Investigators and civilian support staff, all of whom are tasked with working toward preventing community safety issues and quickly and effectively resolving issues as they evolve. These changes strengthen our "partnership" mission and our Values of providing quality of service, integrity, respect and accountability.
