**TOPIC**

**HERITAGE FIELDS MITIGATION**

**DESCRIPTION**

Heritage Fields El Toro, LLC, through its Development Manager, Five Point Communities (FPC), is currently seeking approval from the City of Irvine for Vesting Tentative Tract Maps for its new housing development of 4,894 homes in the area known as the Great Park Neighborhoods. This development is projected to generate a significant number of students for IUSD.

IUSD and Heritage Fields El Toro, LLC, through its Development Manager, Five Point Communities (FPC), have been working toward a mitigation agreement to provide Irvine quality schools to house the students generated from this development. This mitigation is estimated to include two K-8 developer-built schools and a portion (up to 50%) of a high school.

A mitigation agreement is needed prior to the City's mapping approval scheduled for August 23, 2011.

**FISCAL IMPACT**

None

**RECOMMENDATION**

Provide direction to staff regarding mitigation parameters.
