**A professional storyteller will entertain
you and your family!**

Jim Cogan Storyteller

Literacy Language History Lore

Combining history, folklore, legend, family memories and original perspective Jim takes audiences on an animated and mesmerizing journey through the magical worlds of stories. Mixing creative use of sound with a kaleidoscopic face, adding his animated physical presence in the creation of visual imagery, Jim transforms stories into dramatic, if often hilarious, adventures. Whether retelling a classical myth, cajoling the interaction of children in a participation folktale, or dramatizing a personal re-creation of a memorable moment in history, Jim breathes his love of language into every tale he tells.

**Refreshments will be provided. Children that attend
will receive a free book, and a chance to win a
Barnes & Noble gift card.**
