Healthy Habits for Learning

Children learn best when they are well rested, eat healthy foods, enjoy an active lifestyle, and have age appropriate boundaries. Help your child learn by...

- Providing a regular nights sleep of 10-12 hours.
- Developing hand washing habits to help STOP germs from spreading.
- Encouraging daily exercise.
- Monitoring daily media exposure.
- Providing clear boundaries for what is/isn't acceptable behavior.
- Keeping them home when they are too uncomfortable to learn and function at school, ie. they may have a fever, an excessive runny nose or cough and/or inadequate sleep.

NOTE:

DO NOT PARK ON CAMBIAN ST. It is a private street.
