

4TH GRADE SUPPLIES

2009-10

In the past years some classes have asked parents to assist in helping by supplying various school supplies for their child(ren). Most parents already, “do the school ritual” of getting their child(ren) ready for school by purchasing new pencils, markers, paper, etc. We hope this next year you can help even more by reading the supply list and purchasing all the items listed. This will greatly help us reduce our supply expenditure budget.

Below are listed items that can be purchased at any store and **brought to school on the first day**. Besides the supply items noted, each child should have a backpack, (with wheels is encouraged). We have found *backpacks* to be the best way to keep everything together while traveling to and from school.

Thank you for your support and assistance in helping to make this a successful year ahead. Have a wonderful summer with your family.
