<sup>1</sup> Qualifying schools include K-12 public and private schools located in the United States and exempt from federal income tax. In the case of K-12 private schools, we require that the school be organized and operated as a non-profit organization with 501(c)(3) tax-exempt status, and as an educational organization described in section 170(b)(1)(A)(ii) of the Internal Revenue Code.

<sup>2</sup> As long as your school has enough points to equal \$50 or more, your school will receive a donation and can use the money however it chooses. If your school's points equal less than \$50, organizations supporting education will receive a donation instead.
