

Lakeside Middle School

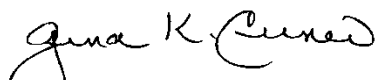

Dear Lakeside Parents,

February 2010

Beginning this month, the staff and teachers will be working with your children through advisement to further explore and expand upon our commitment to Core Ethical Values. The staff has devoted a great deal of time in deciding how best to deliver the values of honesty, responsibility, compassion, perseverance, respect, cooperation, civic duty, and courage. With the help of Rebecca Purkins, an intern here at Lakeside, we have put together a program that will identify, describe and allow your children to engage in activities and discussions focused on these very important values. This year we will be working with four of the values, as noted below, and we will continue the work into next year with the additional four, just as we have done in the past. Please be aware that students “caught” exhibiting the Core Ethical Values will be acknowledged and presented with a reward ticket. They will keep a copy to show you and put in their scrapbook and they will get a copy with which to participate in monthly raffle drawings. We are so pleased and excited to offer this expanded program that we hope will help anchor the values that we have committed to. Thanks, as always, for your support and the work you do at home with your children.
