

School Accountability Report Card Reported for School Year 2008-09 Published During 2009-10

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) [SARC](#) Web page. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE [DataQuest](#) Web page that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2008-09)

School Description and Mission Statement (School Year 2008-09)

College Park Elementary School — located in the village of College Park — has an enrollment of approximately 775 students in grades K-6. Although the majority of students speak English, a large number of students come from a variety of ethnic backgrounds and speak many different languages. This international population, coupled with a number of students with special needs, creates a rich and diverse student body. At College Park, our diverse population is embraced, different cultural backgrounds are appreciated, and character development is encouraged. College Park students truly live and receive a global education. This is reflected in our school theme "Passport to the

World."

College Park's mission is to promote academic excellence, instill in students the technical skills necessary to succeed in the world of tomorrow, the power to think and express themselves clearly, and the values necessary to act well, appreciate life and contribute to society.

The College Park staff, parents, and surrounding community share a common vision. High quality classroom instruction, students who are motivated to learn, a warm and nurturing learning environment, and a supportive and encouraging parent community make College Park a wonderful place to learn and work. It is our goal that all students will leave College Park able to read, write, and compute at successful levels that will enable them to experience academic success at the next level and beyond. To ensure this success, the College Park staff is dedicated to the use of sound instructional practices and high quality instructional materials, including the integration of technology throughout the curriculum. Our instructional programs combine explicit skill instruction, such as phonics and mathematics skills, and instruction that is embedded within a meaningful context. Students have the ability to go beyond the "basics," through the use of technology, including Internet access, and a large inventory of instructional computer software, including a video-editing program, in all classrooms.

It is due to our common vision, highly skilled staff, "state of the art" instructional materials and equipment, and commitment to providing students with an environment that encourages respect, responsibility, and integrity that we move towards achieving our mission.

Opportunities for Parental Involvement (School Year 2008-09)

Opportunities for Parental Involvement (School Year 2008-09)

College Park welcomes and values our volunteer parents. Without volunteers, many programs and activities offered at our school would not be possible. Our Student, Teacher, Parent Organization volunteers are involved through assisting our teachers and school staff to help enrich students' classroom experiences and provide other family and school related programs and special projects. The school and district continually seek business partnerships that can supplement school programs and provide curriculum-support and computer equipment through donations. School funding, parent volunteer, and the Irvine Public Schools Foundation donations are utilized to purchase additional curriculum support materials and programs.

Student Enrollment by Grade Level (School Year 2008-09)

This table displays the number of students enrolled in each grade level at the school.

Grade Level	Number of Students
Kindergarten	101
Grade 1	123
Grade 2	107
Grade 3	101
Grade 4	112
Grade 5	116
Grade 6	107

III. School Climate

School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

College Park Elementary School has a Comprehensive School Safety Plan that is reviewed each year. That plan reviews and assesses the school status of: a safe and orderly environment, safe ingress and egress of students and adults, school rules and procedures, dress code, policies relating to suspension and expulsion, sexual harassment

policies, child abuse reporting requirements and policies, required teacher notification of student disciplinary and safety concerns, and the current status of school crime and disaster procedures. In addition to practicing monthly disaster drills and housing extensive emergency supplies and equipment, the school is fully equipped with food and water on hand to shelter students for up to 72 hours following a disaster.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09
Suspensions	1.6	1.3	0.4	3.1	3.6	2.8
Expulsions	0.0	0.0	0.0	0.1	0.2	0.2

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2009-10)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

College Park Elementary School was completed in 1973 and went through a 4.5 million dollar renovation four years ago. The school plant has permanent and portable structures configured to provide traditional classroom settings plus a multipurpose room, a library/media center, a food service area, administrative offices and extensive playground area. Two portables are used for childcare. The class size averages are within state and district guidelines. Class sizes in the Irvine Unified School District are averaged among the classes at each school in accordance with a specified staffing ratio.

School Facility Good Repair Status (School Year 2009-10)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

System Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	X				
Interior: Interior Surfaces	X				
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	X				
Electrical: Electrical	X

Safety: Fire Safety, Hazardous Materials	X				

Structural: Structural Damage, Roofs	X				
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	x				
Overall Rating	As of the most recently completed school site inspection, the facility condition is considered to be exemplary.				N/A

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE [DataQuest](#) Web page.

Teachers	School			District
	2006-07	2007-08	2008-09	2008-09
With Full Credential	35	37	37	1216
Without Full Credential	0	0	0	1
Teaching Outside Subject Area of Competence	0	0	0	N/A

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2007-08	2008-09	2009-10
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2008-09)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE [Improving Teacher and Principal Quality](#) Web page.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2008-09)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0	
Library Media Teacher (Librarian)	.74	N/A
Psychologist	.45	N/A
Social Worker	0	N/A
Nurse	.2	N/A
Speech/Language/Hearing Specialist	1.0	N/A

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2009-10)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials	Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials
Reading/Language Arts	All students are provided an individual textbook or instructional material as determined by a survey conducted in October, 2009. All textbooks purchased are state-adopted, and are standards aligned.	0
Mathematics	All students are provided an individual textbook or instructional material as determined by a survey conducted in October, 2009. All textbooks purchased are state-adopted, and are standards aligned.	0
Science	All students are provided an individual textbook or instructional material as determined by a survey conducted in October, 2009. All textbooks purchased are state-adopted, and are standards aligned.	0
History-Social Science	All students are provided an individual textbook or instructional material as determined by a survey conducted in October, 2009. All textbooks purchased are state-adopted, and are standards aligned.	0
Foreign Language	N/A	N/A
Health	All students are provided an individual textbook or	0

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2007-08)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE [Current Expense of Education & Per-pupil Spending](#) Web page and teacher salaries can be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary
School Site	\$4,976	\$494	\$4,482	\$66,373
District	N/A	N/A	\$4,863	\$72,719
Percent Difference – School Site and District	N/A	N/A	-8.50%	-9.56%
State	N/A	N/A	\$5,512	\$67,049
Percent Difference – School Site and State	N/A	N/A	-22.97%	-1.02%

Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

For 2008-09, College Park Elementary School received special funds in the amount of \$190,125.00. The majority of funds were spent on students who meet specific criteria established by district, state, and federal mandates and in most cases, have specific academic needs. The funds were used for personnel, including – classroom teachers, instructional assistants, and instructional supplies, that support academic programs designed to meet the needs of these students. In a similar way, a smaller portion of funds was used to supplement the education of all students.

Special Programs	Amount
English Language Acquisition Program	\$ 8,610.00
Economic Impact Aid	\$ 60,545.00
Gifted and Talented	\$ 403.00
School Improvement Plan	\$ 50,231.00
Title-1	\$ 70,336.00

Teacher and Administrative Salaries (Fiscal Year 2007-08)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$40,814	\$42,065
Mid-Range Teacher Salary	\$72,891	\$67,109
Highest Teacher Salary	\$94,223	\$86,293
Average Principal Salary (Elementary)	\$112,370	\$107,115
Average Principal Salary (Middle)	\$116,909	\$112,279
Average Principal Salary (High)	\$131,659	\$122,532
Superintendent Salary	\$232,875	\$216,356
Percent of Budget for Teacher Salaries	43.10 %	39.40 %
Percent of Budget for Administrative Salaries	5.00 %	5.50 %

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE [Standardized Testing and Reporting \(STAR\) Results](#) Web site. Program information regarding the STAR Program can be found in the [Explaining 2008 STAR Program Summary Results to the Public guide](#). Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09
English-Language Arts	71	73	78	76	78	80	43	46	50
Mathematics	77	80	82	74	76	78	40	43	46
Science	68	83	79	75	80	83	38	46	50
History-Social Science	0	0	0	60	67	71	33	36	41

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results by Student Group (School Year 2008-09)

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	89	94	*	*

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2008-09)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE [Physical Fitness Testing \(PFT\)](#) Web page. Note: Scores are not shown when the number of students tested is ten or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Healthy Fitness Zones		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	20.4	31.9	32.7

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE [Academic Performance Index \(API\)](#) Web page.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from one to ten. A statewide rank of one means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of ten means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of one means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of ten means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	9	10	10
Similar Schools	5	9	6

"N/A" means a number is not applicable or not available due to missing data.

"B" means this is either an LEA or an Alternative Schools Accountability Model (ASAM) school. Schools participating in the ASAM do not currently receive growth, target information, or statewide or similar schools rankings on this report in recognition of their markedly different educational missions and populations served. ASAM schools are covered under the Alternative Accountability system as required by Education Code Section 52052 and not the API accountability system. However, API information is needed to comply with the federal No Child Left Behind (NCLB) law. Growth, target and rank information are not applicable to LEAs.

"C" means this is a special education school. Statewide and similar schools ranks are not applicable to special education schools.

" * " means this API is calculated for a small school or a small LEA, defined as having between 11 and 99 valid STAR Program test scores included in the API. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted. Similar schools ranks are not calculated for small schools.

Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2006-07	2007-08	2008-09	2009
All Students at the School	25	-6	25	922
African American	---	---	---	---
American Indian or Alaska Native	---	---	---	---
Asian	20	-5	22	963
Filipino	---	---	---	---
Hispanic or Latino	---	---	---	---
Pacific Islander	---	---	---	---
White (not Hispanic)	28	-23	20	903
Socioeconomically Disadvantaged	---	---	---	---
English Learners	24	-15	20	892
Students with Disabilities	---	---	---	---

"N/A" means a number is not applicable or not available due to missing data.

"**" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2008 or 2009. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	Yes

"Yes" Met 2009 AYP Criteria

"No" Did not Meet 2009 AYP Criteria

Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The College Park School Site Council updates our school improvement plan annually, establishing goals for training and curriculum improvement that support school, district, and state goals. The School Site Council also approves the expenditure of School and Library Improvement Plan (SLIP) funds to support curriculum and staff development activities related to our school plan.

College Park Elementary School and the Irvine Unified School District are committed to continuous professional improvement. We continue to develop strategies and practices that differentiate instruction to better meet student needs through the Professional Learning Communities model. In addition to the two full days of staff development and six two hour staff development sessions, teacher training is provided monthly at staff meetings, through district sponsored training, and the attendance by individual teachers or groups of teachers at educational conferences provided outside the Irvine Unified School District.

XIII. National Assessment of Educational Progress

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the [National Assessment of Educational Progress](#) Web page (Outside Source).

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE [National Assessment of Educational Progress \(NAEP\)](#) Web page.
