

Parent Survey

Please circle correct high school: **Creekside Irvine Northwood San Joaquin University Woodbridge**

Our high schools, in conjunction with Irvine Unified School District's Guidance Resources are developing grant applications that will be submitted to state and federal agencies. If successful, **PROJECT SUCCESS** will receive funds to maintain and/or enhance prevention and intervention services related to alcohol, tobacco, and other substance use, as well as violence prevention. In order to help us be as responsive as possible to the needs of Irvine Unified School District's High School community, please take a few minutes to complete and **return this survey with your registration packet.**

All responses to this survey are confidential and anonymous!

**Parent Survey
2009-10**

Please check the most appropriate box.

	Agree	Neutral	Disagree
Some students could benefit from Small Group Counseling at school			
Some students could benefit from Individual Crisis Counseling at school			
Some students could benefit from conflict resolution skills			
Some students could benefit from additional educational opportunities about the dangers of substance use (including alcohol, tobacco and marijuana)			
Some parents could benefit from Parent Education opportunities			
Some parents could benefit from a Parent Support Group
