University High School Scholarship Committee – Student Application Form

There are many organizations offering student scholarships and awards. There are a few scholarships and awards in which the UHS scholarship committee participates in the selection process. The committee consists of a team of teachers, counselors, administrators and the college/career coordinator. This application form provides the committee with valuable information in addition to the student’s academic record. Students receiving scholarships and awards through the University High School Scholarship Committee selection process are recognized at our annual awards event held during the spring semester.

The committee meets monthly, selecting recipients as notification of scholarships and awards and the associated deadlines are received. Applications are accepted from September through the last school day in December.

There are many additional scholarships and students are encouraged to consult with their counselors, visit the College and Career Center and do their own research through electronic and publication resources.

First Name: _____ Last Name: _____

Grade: _____ Graduation Year: _____ ID Number (the short #): _____

Email: _____ Phone (home): _____ Phone(mobile): _____
