2010-2011

Dear Parents:

Thank you for your interest in IUSD schools. Assuming you have a verifiable address inside the district, the first part of the enrollment process for new students for any IUSD school can be completed online in about 15 minutes beginning March 5, 2010. General instructions for this process and a list of the information you will need can be reviewed on our website. Please review them before you begin online pre-enrollment at <https://www.iusd.org/enrl/login.asp>.

To use our online data entry process, follow the directions on the screen and enter the information requested. Once completed, print out the information, follow the instructions to gather the necessary documentations regarding residence and immunization, and bring it with you to your assigned school to enroll your child. School staff will review your information for accuracy and verify the required documentation. Other materials, such as emergency cards, will be provided to you by the school to complete the enrollment process.

Once again, thank you for using IUSD's online data entry process.

Sincerely,

Lauren Sipelis  
Director, Elementary Education
